

STEP

1

Let's Get Set!

Before you embark on this adventure, make sure you have your essentials ready:

5 decks of cards, each with 36 intriguing flashcards
40 Arcademi wallets
1 handy canvas storage bag

Select Your Swapping Day...

Pick a special day each week for the much-anticipated card exchange, transforming it into your weekly 'swapping day' for the children's homework cards on the focus topic.

Equip Each Student with an Arcademi Wallet...

These nifty wallets act as guardians, keeping the cards safe from harm while in the hands of our enthusiastic learners.

Distribute 5 Random Cards to Each Student...

You can either fill the wallets yourself before the big reveal or turn it into a lively activity to distribute the flashcards.

Check for doubles! If a student ends up with duplicates, encourage them to trade with a friend – variety is the spice of life!

Homework Launch...

Students are welcomed to take their set of cards home to embark on a week of exploration.

Ensure they return with their wallets and all 5 cards on the designated swapping day, ready to trade for a fresh set of flashcards for the following week's homework.

2

Tech Time! At Home From Here.

Download the Arcademi App...

Head to the App Store, Google Play Store, or find the link on our website to download the Arcademi app onto a smartphone or tablet – no logins required.

Step into the AR World!

As of October 2023, a whopping 89% of all devices are AR-ready! Check out the list of supported devices at

<https://developers.google.com/ar/devices>

Select the focus topic from the menu and enter the access code to unlock the digital content.

Swipe through and absorb 5 straightforward instructions.

Let the Learning Begin...

Read the content on your selected card.

Activate the quiz questions by scanning the image on the front of the card with your camera.

Unlock an augmented reality experience by answering the question correctly. If not, no worries – give it another shot!

Complete the assigned homework tasks on your card. Students can opt to tackle 1, 2, or all the tasks – their learning is already reinforced through reading and answering the quiz question!

STEP

3

Sharing is Caring!

Homework Showcase...

Students can showcase their accomplishments by uploading homework onto the class portal or bringing it in for 'show and tell' throughout the week to share their discoveries in person.

Swapping Extravaganza...

Allocate 10-15 minutes on your chosen day for the students to trade cards. It's a fantastic opportunity for them to discuss what they've learned and maintain their excitement about the topic.

Once the students have their new cards safely packed away, off they go for another week of interactive homework for the whole family to enjoy together.

With 36 cards in tow and the excitement of swapping 5 cards every week, get ready for a delightful 7-week journey of swapping magic and learning wonders!
